EAST END WALKING TOUR

THE FAMOUS FOUR + EIGHT MORE
SELF-GUIDED TOUR FEATURING 12 SHOWSTOPPERS

The city of Quincy has some of the most impressive architecture in Illinois, presenting a coveted portfolio of well preserved structures and four National Register Historic Districts.

The East End Historic District encompasses the area between 12th-24th Streets, from Maine to State. Every architectural style popular in the U.S. during the Civil War through the turn of the 21st century awaits.

The tour spotlights 12 properties and begins at 16th & Maine. Once deemed “one of the ten most architecturally-significant corners in the U.S.” by National Geographic Magazine, the intersection displays four prime examples of world class architecture, depicting designs prevalent of the era, beginning in 1852.

The remaining eight properties are some of the most memorable structures in Quincy; however, you’ll spot dozens more to adore and inspire.

Two museums are open for tours in the East End-- The Quincy Museum (1601 Maine) and the Quincy Art Center (1515 Jersey). You’re welcome to picnic on the lawn of The Women’s City Club (1550 Maine).

Street parking is easy and free, as well as The Quincy Museum parking lot. **We ask you respect the residents, as all of the homes on the tour are privately owned.**

Want to get beyond the curb? Private Home Tours is a SeeQuincy custom program for groups of six or more. The selection includes 16 East End homes. Guided tours are given by the homeowners; SeeQuincy arranges the details. 1-2 week advance reservations / \$5 per person per home
